Sunday 14 February 4:30pm BCC Cinemas Earlville

WINNER - SILVER BEAR - BERLIN FILM FESTIVAL

"With characteristic humor and grace, Hong takes a simple premise and spins a web of interconnecting philosophies and coincidences. 'The Woman Who Ran' is a subtle, powerful look at dramas small and large faced by women everywhere.

Hong made a feature called 'Woman is the Future of Man,' but it's the delightfully slight, slightly delightful 'The Woman Who Ran' that assumes that that future is now."

(M) - CAN/FR - Dir. Philippe Farardeau - 108mins
Sunday 21 February 4:30pm BCC Cinemas Earlville

"A wonderful film, a real charmer! ...

A gentle, thoughtful film about ambition, talent and a young woman's entrance into an adult world. The friendships and romances never play out in predictable ways. The very talented Philippe Falardeau, who made the attentively compassionate Monsieur Lazhar, has a warm-heartedness and eye for character that serve him well. A delight."

- Jason Di Rosso - ABC RADIO NATIONAL

(M) - AU - Dir. Sally Ingleton - 89mins
Sunday 28 February 4:30pm BCC Cinemas Earlville

"If this film doesn't enrage and inspire you in equal measure, then you need to get a new heart. 'Wild Things' is an insider's look at the strength, passion and impact of modern activism, with a heartfelt nod to the generations that led the way and pioneered environmental campaigning in Australia.

Faced with the prospect of climate catastrophe and ecological collapse, Action is always the Antidote to Despair. This film shows how everyday people are stepping up to defend their community, their land, and the planet".

- Cam Walker, - FRIENDS OF THE EARTH AUSTRALIA.

A cinematic exploration of Shane MacGowan's story, Julien Temple's film Crock of Gold details Shane's explosive existence, from his salad days, growing up in Ireland, to time spent on the mean streets of London and embracing the punk scene.

To forming The Pogues and then conquering the known universe, we discover MacGowan's passions, his humour and deep knowledge of music, history, spirituality and popular culture.

For this is Shane's story. A vision of the world through the eyes of the great punk poet himself and an intimate cast of close friends and family members, all channelled through Temple's inimitable and eternally vibrant lens.
